I hope you guys can make it! This movie features Blues rugby players as extras and a couple got "roles" in the thing.

You're invited to attend the premier of the rugby film 'Play On' at 7:45pm, at Glenwood Theatre on 95th & Metcalf in Overland Park, KS on September 24th.

'Play On' was filmed in both Kansas City and Scotland in 2006, and is a fictional coming-of-age story about a young Internationally acclaimed Scottish rugby player who flames out on the world stage and loses his way - literally - winding up in Kansas City playing for a 3rd division rugby team where he rediscovers his love for the game. Former KC Blue David Story (a successful Hollywood director), and US Eagle Al Dekin co-wrote and co-directed the film.

The movie premier will be held as part of the Kansas International Film Festival. Tickets are only \$9 apiece, but you should PRE-PURCHASE yours as soon as possible to be certain you have a seat.

Bring friends and family, this should be a great time and is a very big deal not only for rugby, but for Club rugby in Kansas City.
